The organization of a county fair is one of the things upon which the city and country can consistently unite. Let Craig county have the best county fair in the state of Oklahoma.

What's the use of abusing Joe Cannon while the rules of the house of representatives permit Cannonism? Revise the rules and make such tyranny impossible.

If Oklahoma City has enough confidence in the undertaking it might on its own account spend that \$60,000 for state capital buildings that it asks the state for and wait until 1913 to be reimbursed.

With the present high prices of vegetables and farm products the many vacant lots in Vinita could be turned to good account. Many a family could

produce enough of such crops to offset the rents. There is in the aggregate not less than one hundred acres of good, vacant soil growing up in weeds within the city limits. Here is a chance for a whole lot of people to get "back to the land" in the way of intensive farming. A few model farms on these vacant lots would add to the cleanliness and beauty of the city as well as to its sanitation.

It may be in bad taste for a democratic paper to talk about candidates much before the primary, but we cannot refrain from saying there is only one man running before the democratic primaries that could in the event of his nomination make the state republican this fall. The democrats will never vote for Bill Murray in numbers sufficient to make him governor or the state democratic.

POLITICAL GOSSIP AT WASHINGTON.

Against Opening Rolls.
President Taft has written a letter to Dick Adams stating that the rolls would never be opened again while he was president. If Taft adheres to this policy it will blast the hopes of Congressman McGuire, who has been endeavoring to have the negro freedmen enrolled.

McMurray Contracts.
Congressman Carter, Senator Gore and others called on the president this morning in regard to the McMurray contracts. J. F. McMurray, Ceall Lyon, national republican committeeman of Texas, ex-Senator Long, of Kansas, ex-Senator Thurston, of Nebraska, and probably others, are endeavoring to have the president approve these contracts.

\$3,000,000 Fee.
It would carry a fee of three million dollars or more. It would cost every man, woman and child in the Chickasaw and Choctaw nations at least \$1,500 each. It is the biggest fee ever sought in the history of the world. It is the duty of the president, secretary of the interior, commissioner of Indian affairs, the duty of both branches of congress, of both senators from Oklahoma and the five congressmen, together with the attorneys of the tribes to protect the Indians and their interests against all graft and all grafters.

These contracts are opposed by Governor McCurtain, opposed by J. George Wright, by ex-Secretary Garfield and was disapproved by President Roosevelt. It is the hope of the friends of the Indians that they can protect them against the loss of these three million dollars and that they can prevail upon the president to reject the contracts.

Hughes Appointed Supreme Judge.
Governor Hughes of New York has been appointed to fill the vacancy of the supreme bench recently caused by the death of Justice Brewer. W. J. Bryan has stated that he regards Hughes as a friend of the special interests. However, he will probably be confirmed.

Lodge Dodges.
Senator Lodge, Aldrich's watchdog, is dodging the tariff issue in his committee investigation of the cause of the high cost of living. If a witness

testifies that he believes the cost of living has advanced on account of the high tariff Lodge and his Mormon Apostle, Senator Smoot, are ready with an avalanche of protest against such an "absurd idea." The republicans were recently deprived of a campaign contribution of \$65,000 by the activity of the democrats. Lodge stated that he needed the money to carry on his investigation of the high cost of living.

Mrs. C. E. McConnell returned to Sapulpa this morning after a visit here with her parents Mr. and Mrs. C. E. Smiley.
